## DRIVING BUDDIES

# JUMPING ANIMALS

## **Jumping Animals**

Jumping Animals offers a fun and energetic adventure for kids! With motion capture technology, players' real-time movements are mirrored by the characters on the screen; as you jump, the characters jump too. To collect coins, players can leap high or crouch low to earn points. This interactive game, accommodating 1 to 3 players, is perfect for group events and solo competitions!

The game duration can be adjusted to players' preferences, allowing kids to experience an exciting gaming adventure. Suitable for all ages, Jumping Animals turns physical activity into fun, enabling kids to both release their energy and enjoy themselves.

# DRIVING BUDDIES

## **Driving Buddies**

Driving Buddies introduces kids to a thrilling racing adventure that simulates real driving skills! Using motion capture technology, players' hand movements are tracked, allowing them to steer their cars as if using a real wheel. Players carefully collect coins along the road to earn points and aim to complete the race.

This exciting game enhances focus and hand-eye coordination while providing an enjoyable driving experience for kids. With engaging graphics and an intuitive setup, Driving Buddies is a fantastic option to captivate children and offer them a fun, immersive time!

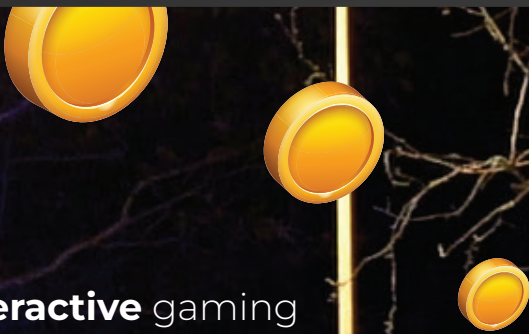

# OUR SYSTEM

## Our System's Technical Equipment:

- 1 unit 4K Ultra Short Throw Projector
- 1 High-Performance PC (Intel i9)
- 1 Harman Kardon Sound System
- 4x3m Projection Screen
